

How to Use

PROGRAMMING YOUR REMOTE

Your 7-in-1 NFL Universal Remote® will fulfill all of your remote control needs. This universal remote can control two televisions, a VCR player, a DVD player, a cable or satellite box, a receiver or AMP, and your AUX box.

There are three different methods to program your remote to all of your devices: manual search mode, quick search mode and auto search mode.

MANUAL SEARCH MODE

To program your remote under Manual Search Mode, first look up the three-digit code for your device in the "Device Codes" section of this manual. There may be several codes listed for your TV's manufacturer.

If your device is not listed, try searching under Quick Search Mode or Auto Search Mode. Once you've found your device in the

Press the **SET** button and **1**. The LED will flash one time.

Press the **SET** button and **2**. The LED will flash two times.

Press the **SET** button and **3**. The LED will flash three times.

FINDING YOUR DEVICE CODE

If your code is not available in the "Device Code" section, you can find out your device's code after programming in Quick Search Mode or Auto Search Mode by following these steps.

First, press the device button on your remote.

Then press and hold the **SET** button. While holding the **SET** button, press **1** to find the first digit, **2** to find the second digit or **3** to find the third digit.

The LED flashing time will stand for each code number. If it doesn't flash, it will stand for zero.

For example, the TV code you

list, follow these steps.

First press and hold the **SET** and **POWER** buttons until the LED turns on.

Then press the device key (**TV1**, **TV2**, **VCR**, **CATV**, **DVD**, **RCVR** or **AUX**) that you wish to program. The LED will flash once.

Then using the number buttons, enter the three-digit code for your device. After entering each button, the LED will flash once.

Then press the **ENTER** button to store the code number.

If the code has been entered correctly, the LED will flash three times and then turn off. Otherwise, if it doesn't flash three times, you need to repeat all of the previous steps.

To test the code, point the football at the TV and press the power button. If the TV turns on or off, the correct code has been programmed. If your TV does not turn on or off, try the next code on the

QUICK SEARCH MODE

To program your remote under Quick Search Mode, first turn on the device you wish to program and point the remote toward it.

Then press and hold the **SET** and **POWER** buttons until the LED turns on.

Then press the device key (**TV1**, **TV2**, **VCR**, **CATV**, **DVD**, **RCVR** or **AUX**) that you wish to program. The LED will flash once.

Then press the **CH+** button followed by the **POWER** button to test if the code matches the device. Each time you press **CH+**, a new code is sent to your TV.

When your TV turns off, **STOP**. You have found the right code. Do not hit the **CH+** key again. Press **ENTER** to save the code. Press the **POWER** key to verify that the TV turns on and off.

Please be patient. Your remote is searching through all of the codes and you may need to press **CH+** and **POWER** more than a

hundred times to find the correct code.

AUTO SEARCH MODE

To program your remote in Auto Search Mode, first turn on the device you wish to program and point the remote toward it.

Then press and hold the **SET** and **POWER** buttons until the LED turns on.

Then press the device key (**TV1**, **TV2**, **VCR**, **CATV**, **DVD**, **RCVR** or **AUX**) that you wish to program. The LED will flash once.

Then press the **CH+** button.

Then hold the **POWER** button for about two seconds until the LED turns on. Release the **POWER** button and the LED will flash slowly. Your remote is searching through all of the codes. Continue to point the remote at the device until your device responds.

- Avoid rough handling such as bumping or dropping.
 - Avoid moisture and extreme temperatures. For best results, use between the temperatures of 39°F and 100°F (4° C and 38° C).
 - Clean using only a slightly damp cloth. Do not use cleaners with chemical agents.

Battery Information

- Batteries should be installed and replaced only by an adult.
 - Your NFL Universal Remote® uses 2 AA batteries, not included.
 - Do not mix alkaline, standard (carbon-zinc) or (nickel-cadmium) batteries.
 - Do not mix old and new batteries.
 - Do not use rechargeable batteries.
 - Remove exhausted batteries from the unit.
 - Do not short circuit battery terminals.
 - Remove batteries and store them in a cool, dry place when not in use.
 - To avoid explosion or leakage, do not dispose of batteries in a fire or attempt to recharge alkaline or other non-rechargeable batteries.

Due to continuing improvements, actual product may differ slightly from the product described herein.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

90-Day Limited Warranty

EXCALIBUR ELECTRONICS, INC., warrants to the original consumer that its products are free from any electrical or mechanical defects for a period of 90 DAYS from the date of purchase. If any such defect is discovered within the warranty period, EXCALIBUR ELECTRONICS, INC., will repair or replace the unit free of charge upon receipt of the unit, shipped postage prepaid and insured to the factory address shown at right.

The warranty covers normal consumer use and does not cover damage that occurs in shipment or failure that results from alterations, accident, misuse, abuse, neglect, wear and tear, inadequate maintenance, commercial use, or unreasonable use of the unit. Removal of the top panel voids all warranties. This warranty does not cover cost of repairs made or attempted outside of the factory.

Any applicable implied warranties, including warranties of merchantability and fitness, are hereby limited to 90 DAYS from the date of purchase. Consequential or incidental damages resulting from a breach of any applicable express or implied warranties are hereby excluded. Some states do not allow limitations on the duration of implied warranties and do not allow exclusion of incidental or consequential damages, so the above limitations and exclusions in these instances may not apply.

The only authorized service center in the United States is:

**Excalibur Electronics, Inc.
13755 SW 119th Ave
Miami, Florida 33186 U.S.A.
Phone: 305.477.8080
Fax: 305.477.9516
www.ExcaliburElectronics.com**

Ship the unit carefully packed, preferably in the original carton, and send it prepaid, and adequately insured. Include a letter, detailing the complaint and including your daytime telephone number, inside the shipping carton.

If your warranty has expired and you want an estimated fee for service, write to the above address, specifying the model and the problem.

**PLEASE DO NOT SEND
